AluBars **PDE**

THE **PERFORMANCE BAR SYSTEM**
FOR LIGHT COMMERCIAL VEHICLES.

THE ROOF BAR SYSTEM WITH NO COMPROMISE & NO COMPETITION.

AluBars delivers the engineering, fabrication and innovation that PDE is known for to the roof bar product category. Taking advantages from our flagship AluRack product, we created an ultra durable, ultra adaptable and performance roof bar system with no analog. Engineered down to the last detail and manufactured fully inhouse - AluBars guarantees to improve the efficiency of your work and reduce the time and stress of daily loading and hauling tasks.

ALUBARS ADVANTAGES

2+

AS MANY BARS AS YOU NEED

Thanks to our proprietary channel mounting system, you can add as many bars as you need to fit your vehicle and job requirements.

BUILT TO LAST

Anodized aluminium design is corrosion-free resists any weather conditions and carries a bigger payload.

ECO FRIENDLY & FUEL-EFFICIENT

Light-weight aluminium and aerodynamic design reduces fuel consumption and wear. 100% recyclable materials.

EASY MOUNT

Uses existing mounting points with our flex-rail or channel. **NO DRILLING IN VEHICLE.**

PERFORMANCE FEATURES

Multifunctional accessories for every job enable fast, safe ladder and material transport.

3

3 YEAR WARRANTY

Prime Design Europe guarantees its products against material and production defects for a period of 3 years.

AluBars ^{PDE}

The adaptable roof bar system that perfectly fits your job requirements and vehicle, delivering zero compromise in functionality & durability.

ALURACK DNA IN A ROOF BAR SYSTEM

FULLY LOADED

AluBars comes standard with 2 or 3 bars (depending on vehicle length), channels and mountings, but don't stop there. Add as many crossbars and accessories as you need to do your job with ease & efficiency.

1. CHANNEL MOUNTINGS

Our proprietary mountings system allows you to position your AluBars exactly where you need them on your vehicle, while protecting it's roof and original mounting holes or gutter from damage.

2. ENGINEERED CROSS BARS

Our aluminium crossbars are fabricated from our engineered extrusions, designed and produced in our own factories. Rubberised on top to prevent cargo from slipping and finished with ABS end caps for a sleek professional look.

3. ADJUSTABLE CARGO STOPS

AluBars come standard with our original design, rubberised cargo stops.

4. FUNCTIONAL ACCESSORIES

Outfit your AluBars with accessories that make daily tasks safer and save time and stress.

Accessories+ PDE

Accessories+ allows you to set up AluRack for your specific job. All products are made from 100% aluminium and ABS.

BEACON MOUNTING BRACKET

Several solutions for beacon installation are available including a bracket for crossbars and side rails.

ROLLER FOR ALUBARS

The roller can be easily installed at the rear of the roof rack, ensures comfortable (un)loading of long items.

ALUMINIUM CONDUIT TUBE

Conduit tube (2 - 6 m long by 125mm squared), lockable on both sides and mounts with a bracket onto crossbars. Conduit tubes over 3m+ shippable in 2 or even 3 sections.

ADDITIONAL CARGO STOPS

Rubberised cargo stops can be attached at any point on a crossbar to keep your cargo in place.

REAR LADDER

Our light, aluminum rear door ladder can be mounted by one person without drilling into the vehicle, avoiding damage to the bodywork.

CONTACT US FOR MORE INFORMATION ABOUT OUR AWARD-WINNING PRODUCTS.

Prime Design Europe is one of the leading manufacturers of performance rack systems and interior products for LCV. We develop and manufacture innovative and patented product lines (AluRack®, ErgoRack™).

Prime Design Europe distributes through partners and specialists and is one of the leading roof rack specialists in Europe. Our facilities in Belgium, Denmark and Bulgaria support customers and dealers locally. Design, manufacturing, and assembly is carried out where our significant warehouse capacity allows for prompt deliveries.

Prime Design is a partner of the Austrian initiative for safe transport: www.sicher-transport.eu

Prime Design Europe has been selected and an official partner of the 'Van Excellence Code' that aims to enhance standards of van operator compliance.

With our ISO 9001:2015 and ISO 14001:2015 quality management system, we guarantee the highest standards are applied to the sales and distribution of our products. We have defined the appropriate benchmarks for each step in the production and order process. This allows us to evaluate the quality of the work we deliver on an ongoing basis.

Prime Design Europe roof racks are protected by patents.
